
Beginner's Bible Journaling Class

Are you looking for a new and engaging way to spend time in God's Word?

Discover the joy of creative worship with our new Bible Journaling class. If you've ever felt intimidated by traditional Bible study or are simply looking for a fresh approach, this is for you. Bible journaling is a beautiful practice that helps you pause and reflect on God's Word in a creative, personal way, which will deepen your reflection and understanding.

In this one-time class, you will learn:

- How to meditate on Scripture and listen for God's message.
- Simple techniques for illustrating your faith.
- Ways to choose meaningful verses for journaling.

Whether you're a seasoned creative or just want to learn some simple techniques to bring your Bible reading to a new level, you will leave with the tools and confidence to begin your own unique journey. We provide a welcoming, low-pressure environment for you to connect with Scripture in a whole new way.

****This is a one-time class. If there is interest, we will form a small group to meet monthly or bi-weekly to continue, where more techniques and concepts will be taught.**

Thursday, October 30th from 1:00-3:30

Borromeo Ministry Center, Room 7
